New V12

A new era of V12 dominance

Vanquish is audaciously armed with a new 5.2L Twin-Turbo V12 Engine. Designed for peak performance and engineered in-house for unparalleled power, it generates 835PS and 1000Nm of torque, reaching a top speed of 214 mph (345 km/h) and accelerating from 0 to 62mph in 3.3 seconds. Revolutionary turbochargers and an innovative V12 Boost Reserve deliver instant reaction to the driver's foot. Ensuring peak responsiveness and control over a ferocious yet linear surge of power.

BESPOKE. AT THE EXTREME.

Vanquish stands unrivalled in its rarity. Each Vanquish is its own masterpiece where handcrafted detail and boundless originality come together to break all personalisation limits. Exclusively crafted, it boasts unprecedented bespoke options from Q by Aston Martin.

A SYMPHONY OF SENSATIONS.

Blending brutal power and refined control, Vanquish delivers the ultimate connection between driver and road for peak sensorial stimulation. The bonded aluminium chassis ensures exceptional lateral and horizontal stiffness, while the cutting-edge ESP system incorporates industry-leading predictive technology and ensures that every drive is a masterclass in control and agility.

THE APEX OF BRITISH MASTERY

Dominance doesn't die. It reincarnates. For 111 years, we have been redefining automotive limits, engineering legendary new eras of sophistication and performance. Vanquish marks the summit of 111 years of innovation and excellence, a timeless monument of ultra-luxury that shapes culture and transcends automotive trends.

Engineering

Designed to dominate

CRAFTED FOR PURE EXHILARATION

Engineered for strength and lightness, the new V12 engine features a reinforced cylinder block, reprofiled camshafts, repositioned spark plugs, and optimised intake and exhaust ports. Every element is meticulously crafted to deliver unparalleled exhilaration and a truly thrilling auditory experience.

TURBOCHARGED TO PEAK PERFORMANCE

Vanquish achieves enhanced engine performance and higher speeds with the introduction of reduced inertia turbochargers. These turbochargers are designed to harness the increased exhaust energy, providing more airflow to the engine, resulting in a 15% increase in turbine speed.

RELENTLESS RESPONSIVENESS

With a Final Drive Ratio of 2.93:1, Vanquish is finely tuned to effortlessly reach its 214 mph (345 km/h) top speed with an exhilarating driving experience. Each V12 engine is a masterpiece of engineering and design, featuring a high-gloss herringbone carbon fibre cover and adorned with the iconic Aston Martin wings.

Exterior

A legendary composition

Exquisiteness in every fibre

Vanquish commands attention with its bold design and lightweight carbon fibre body. Its distinctive front grille, with a unique tidal wave concave shape, directs airflow to the V12 engine, radiating an aura of unstoppable power. The muscular body is further accentuated by the distinctive Thorpe Le Mans in

of unstoppable power. The muscular body is further accentuated by the distinctive Thermic Louvres in the bonnet, which also serve as air vents to cool the powerful V12. A broad bumper with an integrated splitter rounds off its aggressive and dynamic look.

If looks could conquer

Vanquish seamlessly blends heritage with modern design. A new platform pushes the V12 engine back, extending the space between the A-pillar and front wheel for a dynamic stance. A V12-inscribed side strake enhances the profile, highlighting the rear wheel. Sleek swan doors, frameless mirrors, and self-presenting handles add aerodynamic elegance. Square-circular exhausts, a customizable Shield, and seven light blades in the Kamm tail nod to Aston Martin's classics, while a bold rear diffuser optimises airflow

Forged for road domination

Vanquish is equipped with 21" forged alloy wheels, available in a variety of finishes, including satin, gloss, diamond-turned, black and bronze. These wheels provide a lightweight yet durable performance, perfectly complementing the car's design aesthetics. This blend of strength and style is a true representation of Aston Martin's dedication to precision engineering and luxury craftsmanship.

Interior

A sanctuary of luxury

Comfort that immerses

Enter Vanquish's unique 2-seat cabin, an ultra-luxurious haven focused on both driver and passenger. Ergonomically designed controls blend digital precision with analogue elegance, offering exquisite haptic feedback. The dashboard enhances the sense of space and immersion, while the design seamlessly connects the engine's power to the interior, emphasising a continuous flow of strength.

A NEW FRONTIER OF OPULENCE

Vanquish optimises space with a luxurious rear luggage area, blending leather, carbon fibre, and metal. A sculpted carbon fibre cross brace adds refinement, mirroring the front cabin's elegance. Unique quilted seats, satin or gloss carbon finishes, and metallic accents in gold, silver, or copper enhance the design. Cashmere, contrast stitching, Alcantara™, and chrome blend sporty and classic luxury elements.

THE APEX OF SONIC SENSATION

The new centre console combines precise analogue controls with a cutting-edge 'Pure Black' touchscreen, creating a high-performance, intuitive interface. Vanquish features a top-tier Bowers & Wilkins audio system, delivering 1,170 watts through 15 speakers, including 3D sound. QuantumLogic Immersion™ premium tweeters and midrange speakers ensure smooth audio transitions. Stainless steel speaker frets, crafted by Abbey Road Studios, provide perfect balance.
