July 2023
Production

DISCOVER THE BMW XM

The BMW XM marks the dawn of a new era: for the first time since the launch of the legendary BMW M1 in the 1970s. The BMW XM is extremely powerful, extremely luxurious and extremely extroverted. Its all-new 4.4-litre V8 combines with an electric motor to summon 480kW. This output accelerates the BMW XM from 0 to 100 km/h in 4.3 seconds. The first M HYBRID from BMW M, the exciting XM has reinvented the game.

MODEL HIGHLIGHTS

- 23" M light alloy wheels
- BMW Curved Display with 12.3-inch instrument cluster and 14.9-inch touchscreen
- BMW Individual Leather Merino upholstery
- Bowers & Wilkins Surround Sound
- Driving Assistant Professional
- M xDrive all-wheel-drive system
- M Lounge
- M Sport brakes
- Parking Assistant Professional
- M interior trim, carbon fibre

Consumption	TBC km/l / 100km ^[1]
0-100km/h	4.3 sec
Engine	4.4-litre M TwinPower V8 engine and electric motor
CO2	TBCg / km ^[1] *
Transmission	8-speed sport automatic
Power/Torque	480kW / 800Nm

Price incl. GST **\$299,300**

Clean Car Programme (Estimated Rebate / Fee)* **TBC (fee)**

* To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC. For more information on the New Zealand Clean Car Programme, please [click here](#).

XM HIGHLIGHTS

BOLD EXTROVERSION

The size of the front section alone signals enormous confidence. The headlights are split into two separate modules each for daytime running lights and low/high beam. The slender daytime running lights evoke the piercing gaze of a predatory cat. The illuminated kidney grille further emphasises the exclusive character of the front design.

BEYOND TRADITIONAL

The rear, with its distinctly flared wheel arches, looks particularly powerful. Its width is further emphasised by the slimline and sharply defined L-shaped taillights. Like every M model, the BMW XM comes with two twin tailpipes. In the most powerful BMW M model of all time, however, they are for the first time arranged vertically.

IMPOSING SILHOUETTE

The unmistakable silhouette is characterised by a sloping roofline, which lends the new BMW XM a particularly muscular and commanding appearance. Tapering distinctly towards the rear, the side windows provide a striking accent underlining the vehicle's dynamic lines. The gold-coloured trim strip running parallel to the window line looks like it has been crafted from solid metal.

UNCOMPROMISED LUXURY

A special finishing process brings out the natural characteristics of the Walknappa leather to perfection. Creases, scars and marks from insect bites in the leather remain discreetly visible. The resulting vintage appearance underlines the individual characteristics of leather as a raw material. This turns every piece of upholstery into a one-off.

LOUNGE ACCESS

The M Lounge at the rear of the BMW XM provides a bold contrast to the cockpit. The full-width rear seat bench is curved and encloses the passengers, ensuring first-class seating comfort. Upholstery extending into the doors is part of this exclusive lounge ambience. Another exclusive comfort feature are the sophisticated cushions with soft Alcantara covers.

BMW INDIVIDUAL

The expression of personality.

Accentuate your own character with genuine exclusivity: this is precisely what BMW Individual aspires to. Whether you are seeking a special colour or exclusive materials, you can provide a perfect figure for your inspirations. With an automobile that matches your preferences precisely, down to the finest detail. BMW Individual – an expression of personality.

LIMITLESS.

From Dakar Yellow to Nardo Grey: BMW Individual offers you a wide range of exclusive paint finishes to choose from. More than 120 different colours are available, allowing every character to find its own personal expression. Matt paint finishes by BMW Individual boldly emphasise the powerful design language of every BMW.

UNMISTAKABLE.

In designing the details of the interior with immaculate fine-grain Merino leather, BMW Individual leaves you a completely free hand. From the choice of colours to the composition of impressive leather coverings in Bicolour, everything is possible. Masterly contrasting stitching produces an exclusive character. Personalised signets and monograms form highlights of individualisation.

LIMITLESS.

All trims have one thing in common: they are made of the highest quality materials. Whether they are made of aluminium mesh, carbon or precious wood - create exciting contrasts in the interior of your BMW M or achieve corresponding effects between the interior and accent trims and the leather upholstery.

THE BMW CONNECTED DRIVE

DIGITAL KEY

The Digital Key allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your smartphone using the My BMW app and shared with family and friend.

CONNECTED NAVIGATION

Real Time Traffic Information keeps you updated on the current traffic situation. Our service informs you of traffic congestion, traffic delays and incidents and can suggest alternate routes.

CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences. With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 8.5) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

PRIVATE VIP LOUNGE

INVITING SENSE OF SPACIOUSNESS WITH NEW REAR SEAT DESIGN AND ALCANTARA CUSHIONS.

M LOUNGE

The M Lounge offers a unique sensation of spaciousness. The one-piece seating area and details such as the diamond-shaped structures in the headrests and stitching pattern convey comfort and luxury. Together with the sculptural, indirectly illuminated headliner, dark windows and comfort cushions, they create a novel feeling of space.

MOOD LIGHTING

The indirectly illuminated headliner impresses with a three-dimensional prism structure. Distinctive Ambient light provides a splendid presentation of the various lighting designs such as the welcome scenario. The colour selection can be adapted to individual needs to match driving mode and atmosphere.

BMW WALLBOX

Stay charged and ready to go with the BMW Wallbox Gen 3. With its safe and high-charging capacity of up to 22kW*, start charging any vehicle as soon as it's connected. Featuring clever compact design and easy to use cable management, the Wallbox connects directly to the power supply, so you always have the power you need for the journey ahead. BMW Wallbox's are suitable for all fully electric and hybrid vehicles that have a type 2 charging socket.

To discover more about how the BMW Wallbox works please click to watch a quick information video.

Each BMW 3rd Generation Wallbox package includes all mounting hardware and fixings including the Wallbox itself, installation instructions, the operating manual and drilling template. The BMW Wallbox is designed for indoor and outdoor use. When selecting the installation site, consider access from the charging socket to the vehicle and the direction in which the vehicle is normally parked.

MEDIUM SUV
7.5 Hours to charge 0–100%[^]
55% charged in 4 hours

LARGE SUV
7.15 Hours to charge 0–100%[^]
56% charged in 4 hours

[^]The calculation takes into account consumption and charging performance. Values refer to 29-33 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consumers such as seat heating, displays, air conditioning. Individual consumption may vary (depending on e.g. driving profile, temperature, ambient conditions) as well as the individually achievable charging performance (depending on e.g. battery state of charge, vehicle air conditioning). Charging performance is based on the maximum possible charging performance (depending on charging type and vehicle).

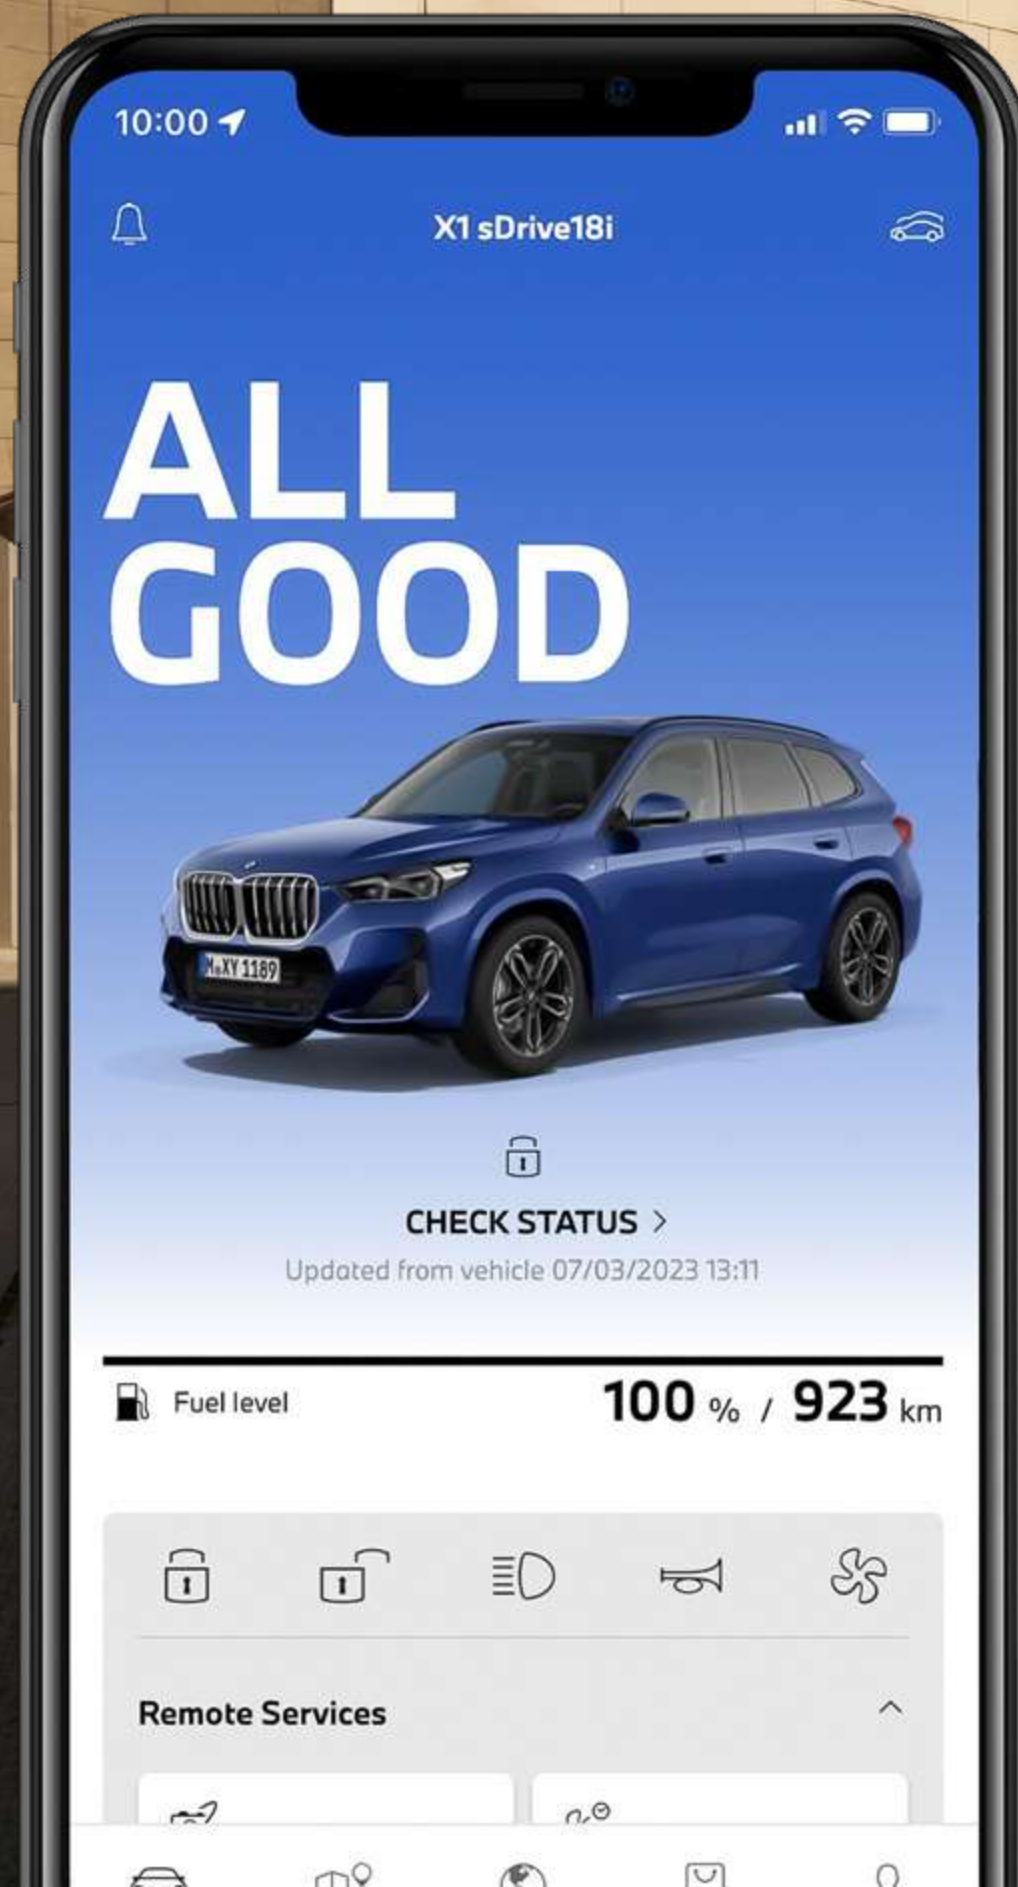

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

THE XNM EQUIPMENT

STANDARD EQUIPMENT

XM

TRANSMISSION AND TECHNOLOGY

- M TwinPower Turbo 8-cylinder petrol engine with Plug-in Hybrid technology
- 8-speed M Steptronic transmission with Drivelogic incl. gearshift paddles
- Active M Differential
- Adaptive M Suspension Professional
- Auto Start/Stop function
- Brake Energy Regeneration
- Brake-pad wear indicator
- Integral Active Steering
- Engine cover with 'M Power' designation
- Hill Descent Control (HDC) with electromechanical parking brake
- M Drive, enables driver to program two individual driving profiles
- M Dynamic Mode, M-specific switchable functions for DSC
- HYBRID, ELECTRIC and eCONTROL modes
- M xDrive incl. 4WD, 4WD Sand and 4WD Sport modes
- M Sport Exhaust system
- SETUP button, enables driver to configure engine, chassis, steering, brake and M xDrive settings
- Sound Control button, adjustment of exhaust sound level
- Start/Stop button in red
- Flexible Fast charge cable (Mode 2)
- Public Charging cable (Mode 3)

EXTERIOR DESIGN AND FEATURES

- 22" M light-alloy wheels double spoke style 922 M Bicolour
- Two-part radiator grille frame in Night Gold
- Horizontal radiator grille struts in black high-gloss
- XM badge in left side radiator grille
- M Sport brake, high-gloss black
- Exterior and central air inlets in front bumper in black high-gloss
- Side window graphic including black band in Night Gold with XM badge
- Wheel well covers and claddings in black high-gloss
- Roof trim strips in black high-gloss
- Rear design trim elements in Night Gold
- Lasered BMW logos in upper left and right of rear window

LIGHT AND SIGHT

- BMW Laserlight incl. BMW Selective Beam
- Ambient interior lighting with 6 pre-defined selectable light designs incl. Welcome Light Carpet and Dynamic Contour lighting
- Electric fold-in side mirrors
- Exterior side mirrors, heated and electrically adjustable with anti-dazzle function for driver side and auto-dipping function on passenger side
- High beam assistant
- Interior rear-view mirror with automatic anti-dazzle function
- Rear LED taillights
- Rain sensor incl. automatic headlight activation
- BMW IconicSounds Electric

DRIVER ASSISTANCE

- BMW M Head-Up Display
- Driving Assistant Professional, incl. Active Cruise Control with Stop&Go function, Cross traffic warning on the front & rear, Steering & Lane Control Assistant, Lane keeping assistant with Side Collision Warning, Lane Change Assistant, Crossroads warning and Evasion Aid
- Parking Assistant Plus, incl. Active Park Distance Control (PDC) rear, Reversing Assistant, Surround View, Panorama View and 3D View
- Speed limiter & Speed Limit Info display

SAFETY AND SECURITY

- Active Protection
- Attentiveness Assistant
- Airbags for driver and front passenger, head airbags for 1st & 2nd seat row, side airbags with seat occupancy detection for driver's and passenger side, side impact protection and knee airbag on driver's side
- Alarm System
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS) and Dynamic Traction Control (DTC)
- M Compound Brake system
- Tyre Pressure monitoring with temperature display
- Warning triangle and first aid kit

STANDARD EQUIPMENT

ENTERTAINMENT, COMMUNICATION AND INFORMATION

- BMW Live Cockpit Professional with 12.3" M specific instrument display and 14.9" Control Display incl. navigation, split screen function, touch display, iDrive touch Controller, natural voice control, USB Map Updates** and BMW Intelligent Personal Assistant**
- DAB+ digital radio tuner
- Gesture Control
- Bowers and Wilkins Surround Sound system, 20 speakers, 1475W
- Personal Profile, personalisation of important controls
- Wireless Charging for smartphone in front storage tray incl. Bluetooth connectivity for up to 2 smartphones
- Personal eSim

* 3 year subscription (incl. map updates)

CONNECTEDDRIVE FEATURES

- Connected Package Professional incl Remote Services**, Real Time Traffic Information (RTTI)**, Apple CarPlay*
- ConnectedDrive Services** incl BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather)
- Connectivity via in-built SIM card, 4G LTE network compatible
- Intelligent Emergency Call
- TeleServices

* 1 year subscription ** 3 year subscription

INTERIOR DESIGN, COMFORT AND EQUIPMENT

- BMW Individual Full Leather 'Merino'
- Automatic tailgate
- Automatic air conditioning with 4-zone control, with Automatic recirculated air control (AUC), microfilter, active carbon filter and solar/fogging sensors
- Automatic soft-close function for doors
- Sculptural headlining in 3D Alcantara prism structure with ambient lighting
- BMW Individual Instrument Panel finished in Leather
- Comfort Access System, keyless entry to all doors incl. automatic proximity unlocking / locking and BMW Digital Key and NFC Key Card
- Cup holder, heated and cooled in front centre console
- Cup holders; rear centre armrest
- Electric seat adjustment front with memory function
- Floor mats in velour
- M Interior trim, Carbon Fibre
- Lumbar support for driver and front passenger
- M Gear selector
- M leather steering wheel with multifunction buttons
- M Multifunctional seats with integrated headrests, side bolster adjustment and illuminated 'M' designation, driver and front passenger
- Seat heating for driver and front passenger
- Through loading system with 40:20:40 backrest split for second row
- Sun Protection Glazing
- XM Charging Cable bag

OPTIONAL EQUIPMENT

Towbar, electrically folding (3AC)

The towbar is concealed and permanently installed behind the bumper. It is released and retracted electrically by means of a button in the luggage compartment. Maximum trailer load is 2,700kg.

Pricing does not include on-road costs.

\$2,600

M high-gloss Shadowline with extended contents (7M9)

The high-gloss Shadowline exterior trim features window-frame surrounds/recess finisher strips, roof rails, guide bars in the front doors, A/B/C-pillar trim panels plus mirror frames and cover panels in high-gloss Black.

Replaces Night Gold Exterior Line

NCO

M Compound Brakes, Red high-gloss (3M2)

EVERY GREAT REVOLUTION BEGINS WITH A CHARGE

ChargeNow, in cooperation with Charge Net, enables BMW i customers in New Zealand to access the entire Charge Net® network of public charging stations with a single ChargeNow card.

BMW owners that join will receive FREE membership including ChargeNow membership cards and 10% discount on all charging sessions used in the ChargeNow charging network for the first 24 months.

ChargeNow, makes everyday on-the-go charging a convenient and seamless part of owning a BMW i vehicle. Through ConnectedDrive, the in-vehicle BMW i navigation (through Navigation Professional) or by using the BMW i Remote app, BMW i drivers can easily locate the nearest public charging stations, with real time use status shown, if available.

All BMW i owners are provided 2 complimentary ChargeNow cards with each BMW i vehicle, for customer support and access to all public charging locations on Charge Net's growing network - to plug in and charge the BMW i.

VISIT [CHARGENOW.CO.NZ](https://www.chargenow.co.nz)

WHERE CAN I CHARGE MY CAR?

There are a growing number of stations across New Zealand and are expanding all the time. Find your favourite station in a certain location or quickly view recent charging stations.

CHARGENOW LOCATIONS

THE BMW i REMOTE APP

Find public charging stations, check availability, and send their locations directly to your BMW i. Communicate directly with your BMW i vehicle, including car location, range, and battery levels. Set preconditioning, for optimal battery and cabin temperature. Locate points of interest.

BMW OFFERS & SERVICES

BMW GROUP FINANCIAL SERVICES

BMW Group Financial Services is your one stop shop for all your Finance, Leasing and Insurance needs.

Each BMW dealership has a dedicated Business Manager who can put together a tailored finance and insurance package, to make getting into your next BMW even easier.

SUSTAINABILITY AT BMW

**WE ASPIRE TO BE THE MOST SUCCESSFUL AND SUSTAINABLE
PREMIUM PRODUCER FOR INDIVIDUAL MOBILITY.**

Sustainability is not just a trend for us. We take responsibility – here and today – and we will be taking sustainability to a whole new level.

- Since 2020, the BMW Group only uses renewable energy sources – worldwide!
- The BMW Group lowered the energy consumption per produced vehicle by 55% since 2006.
- 99% of the annual production waste is recycled and used.
- The BMW Group aims to reduce supply chain CO2 emissions per vehicle by 20% from 2019 levels by 2030.
- In South Africa the electricity from a biogas plant covers 31% of the needs of the BMW Group plant in Rosslyn.
- In 2019, several million customers in Europe used the BMW Group's car sharing offer.
- As part of the "Health Initiative", so far 28,500 employees have taken part in health checks.
- Our plant in Regensburg has tested HGVs running on liquefied natural gas as an ideal alternative to diesel, especially over long distances.
- Since the beginning, the BMW Group has been participating in the Responsible Cobalt Initiative (RCI) in order to increase transparency and governance, and implement collective measures to overcome social and environmental risks in the cobalt supply chain.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

FURTHER INFORMATION ON CO₂ DATA

The values of fuel consumptions, CO₂ emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO₂ efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO₂ values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO₂ figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit www.nzta.govt.nz/vehicles/clean-car-programme
